PREFACE

Know therefore that the Lord thy God, he is God, the faithful God, which keepeth covenant and mercy with them that love him and keep his commandments to a thousand generations" Deut. 7:9. These few words from Holy Scriptures are very precious to me and I am sure to most of our FAST Family. If we acknowledge God as creator, maintainer and redeemer, we have the promise of salvation through Jesus Christ our Lord. But as many as received him, to them gave he the power to become the sons of God, even to them that believe on his name. John 1:12. I believe we may claim God's promises for us and our children, if we love and seek His things above all else.

It is approximately three years ago when Arthur H. Fast asked me if I would like to start to work on the FAST family book. Then he would try to get appropriate pictures of our FAST forebears. It has been a real joy collecting information of our family, and want to thank each one that has contributed to this project. I know that some of you have been waiting for this book. This book will not be without faults, but I can assure you, they were not made intentionally. It is our desire that this Book will find its way into each of the Homes represented, and that it will be enjoyed. May the few pages of history stabilize and strengthen us in our convictions, based on the Bible and our heritage. Our forefathers and even some of our families have lived and are living under great pressure and sufferings. Facing these facts, would we and our children be willing and able to stand in such conditions?

Our Bible is the greatest treasure, informing us of God, the human race and His plans relating to the human family. Each one of us is an individual, but it is claimed that six people are contributors to our personality, the four Grandparents and parents. It is said we are a chip off the old block and so are our children. This holds true in the good traits, as well as the opposite. May we as parents be found faithful in the training of our children, by word and example.

From the information of Family records, Diaries, Church history, Mennonite history, Microfilms of Church records, and Encyclopedias, the FAST historical background has been compiled. I want to recognize each of these sources as contributors to this endeavor. Just now our FAST family is represented in Africa, Alaska, Canada, Central America, Chaco, South America, China, Germany, India, Russia, Spain, United States, and West Indies. It is our sincere desire that the information and records of this book will help us to a greater appreciation of God and His love toward us and the heritage passed to us through the faithfulness of our forefathers, and that we might encourage each other to faithfulness in different responsibilities to man and last, but not least, God.

A Brief Historical Background of our FAST Family

For two reasons we will call this the "JOHANN FAST Family Book." First my great-great-grandfather was Johann Fast and then because there is a continuous line of Johanns for seven generations, from about 1763 to 1963, or about 200 years. Fast is an old Germanic Name, in old High-German it is Fasti, in Bairish Fastl, in Frisian Fastge (Fastke), in Flanders Veste and van der Veste or Verveste about 1500, other forms are Feste, Vast, Faast, Faust and Fausten. In 1582 Arendt Feste lived at Wotslaff near Danzig. 1776 there were thirty-three Fast families in the Vistula and Nogat river valleys and the Big Delta, in Prussia. South and east of Danzig the name Fast appears in both the Flemish and Frisian Congregations. At present, we do not have any definite record when our FAST family came to Prussia, but very likely about the middle of the 16th century. It was soon after 1500 that Charles V directed his forces very heavily against those that could not go along with the rituals and practices of the Roman Church, torturing, drowning, burning, killing and imprisoning thousands, because of their personal and practical faith in Christ, and baptizing only adults upon this confession, not taking oath, their non-resistant stand and a practical Christian life. The Roman Church, spiritually and morally, from the top on down, had fallen to such a degree, that they were using the lowest forms of torture to force individuals and groups of true believers to recant. The general name applied to these groups were rebaptizers or Anabaptists and included in these groups were the Mennonites, Baptists, Waldenses, Albigenses, Petrobrusians, Catharians, Husesites, Bogomils and others.

These conditions were the cause that many of our forefathers gave their lives and others to flee, leaving homes, property and farms. The general direction was from Flanders, to Holland and North Germany, Friesland and Prussia. Due to these circumstances many Bibles, books, records, writings and letters were destroyed or lost. It was during this time that Menno Simons, a priest, realized his lost condition, accepted Salvation by faith and joined one of the congregations of our forefathers, shepherded at the time by Dirk and Obbe Philips. Pressure was also increasing in Holland and Friesland, causing more to move to Prussia. Records show that by 1526 there were Anabaptists at Marienburg and 1550 Elder Dirk Philips moved to Danzig, serving the Prussian Churches. Menno Simon served as Evangelist and organizer in Holand, North Germany and Prussia, these congregations were then called Men-nists and later Mennonites. He also wrote many books, to guide and strengthen the churches.

The general movement of our people into Prussia was along the Vistula River in a south and easterly direction. Starting from Danzig (Gdansk) then south to Culm (Chelmno) and Graudenz (Grudziada) then east and north to the Nogat River Valley to Marienburg (Malbork) and Elbing (Elblag), and it was 28 miles south of Elbing, in Liebenbruch where our Johann Fast No. 2 was born, about 1784, as recorded in the Markushof Church book.

The Markushof Church was about 7 miles south of Elbing. The marriage to Anna Ellertin, born in Lichtfelde 6-5-1785 and the births and names of the first four children were all recorded here, with Helena born in 12-23-1814. Then from our family records we know that Gerhard was born in 1818 and that they lived in the Stuhm lowlands, in the villages of Rudnerweide or Tragheimerweide, before they moved to South Russia in 1818 or 1819 with 150 Frisian families.

Here in Prussia the leaders of the Church in power, instigated trouble by false accusations to authorities, and in many instances it was just jealousy. At times our people were to pay extra taxes to the Churches in power, for births, marriages, baptisms and deaths and were recorded in their church, until about 1770 or so, when our Mennonite churches were required to do this. Our people were hard workers and honest and their testimony must have counted, because some Lutherans and Catholics joined our churches and then they were to be expelled from that community. The Vistula and Nogat Rivers flooded very often, causing much damage in property and life. These lowlands consisted of many swamps, owned by some Count or Baron, who wanted to develop his area into a paying, well planned and kept, farming community. Our people had generations of training in the art of draining lowlands and swamps, by canals, pumps and dikes, in Holland and in Friesland.

In the 16th century it was not only an honor to be a Hollander, it was also advantageous. Holland had the greatest sea-shipping business in the world and thus political and financial prestige. It was also because of this that our people were familiar with the Vistula River Valley, before our records show that they moved there. It was in these times of settlement, flood damage, pressures from the State Church and other hardships, that the Churches in Holland assisted their fellow brethren in Prussia. Many young men were also sent to Holland for vocational training and in many instances came back married to girls from Holland and became successful businessmen in Prussia.

Here are some of the family names that are found in church records and land leases, in the area where our FAST family farmed and belonged to church. Adrian, Albrecht, Becker, Bartel, Boldt, Block, Buller, Decker, Ediger, Eitzen, Ewert, Flaming, Funk, Goertz, Franz, Janzen, Koehn, Isaak, Nickel, Voth, Stobbe, Peters, Poetker, Siebert, Sperling, Schroeder, Richert, Schellenberg, Nachtigall, Pankratz, Willems, Unrau, Pauls, Wiens, Wiebe, Quiring and Wall. Here are some of the villages where the FAST families lived: Blumstein, Commerau, Heinrichsdorf, Leske, Heubuden, Koenigsberg, Ladekop, Lichtfelde, Liebenbruch, Orloff, Mielenz, Finckenstein, Pasewark, Markushof, Rosenort, Sandhof, Wernersdorf,

Schweingrube, Neustaedterwald, Tiegenhof, Altenau, Pietzkendorf, Schoenbaum, Rudnerweide, Tragheimerweide and Prangenau.

From about 1750 and on, the Mennonite Churches recorded births, marriages and deaths, etc. Our Mennonite Colleges have microfilms of some 12 or so churches of the area where our people came from, also some individuals have these films, and are very interesting, at least to me.

The attitude of the family towards the church and school play a great part in the future of that family. We do not have very much information as to this relation, in Prussia and Russia, but enough to know that there was and is a deep concern for the spiritual welfare of their descendants, as well as materially. The church of any age has problems to contend with, from without and within. The pressures from without, usually tends to force the members together, but from within tends to weaken the organization or even separation. The families of the Prussian congregations came from more than three different areas and backgrounds. The Flemish (Vlaamisch) from Flanders, Waterlanders originated between the North Sea and Lake Ijssel and the Frisians from Friesland and North Holland. The Ban, its use and mis-use, the degree of shunning, even between husband, wife and children, and members marrying between the churches were mostly dismissed, also different church customs and superiority feelings were some of the problems the Mennonite congregations faced, but we must not forget that the churches of these generations had strong Christian and fundamental convictions and backed them up with a practical Christian life. Let us also keep courage, because basically the problems are the same now as then.

We here in Montana are certainly not living in a swamp area. But in Holland and Friesland and the Vistula and Nogat Valley they did and they did not have the problem of conserving moisture, but to control or get rid of it, by building dikes, drain ditches and pumps, run by windmills. Some swamp areas were 6 to 7 feet below sea level and then they had to clear the land of reeds and rushes and it is claimed that 80 percent lost their lives through swamp fever. Floods were a constant threat, caused by heavy rain fall, spring thaws, and a strong north wind would blow the water inland from the North Sea. The soil was rich, which was favorable for the dairy business, consuming lots of feed and grass. They also raised wheat and rape, this plant belongs to the cabbage family and is good for sheep and pigs. The Holstein cow was very popular with our Mennonite farmers and was called "Milk Boat." It was a proverbial saying among the cattle dealers in Germany "The best Milch cow grows around Neuteich." Tons of cheese was processed from these areas and shipped out. They also developed churns and thus selling cream and butter. They were also skilled in gardening and weaving. At a farmer's day meeting, the Marienburg Mayor had said, "One can easily detect where a lazy drunken peasant or a sober and industrious Mennonite lives." The small farmer had his building in one line, under one roof, the medium farmer (45-A) in a L shape, the large (125-A) man had his in a cross shape. The farmers came mostly from Friesland and the businessmen from Holland. Since they were not considered citizens of Prussia, they

continually encountered difficulties in finding occupations open to them. Danzig had ten businessmen and among the industries were weaving, brewing, dying, shoemakers, tailors, and dairy processing plants. They had the same problems we have now, the lack of opportunity for the younger generations to stay on farms.

Due to increased pressure upon our Mennonite families to get the young men to serve in the army or pay a heavy tax instead and were also restricted in the purchase of land together with other things. Our forefathers began to look for a country that would grant them freedoms in accordance with their convictions. America was also considered at this time. It was the year of 1763 that Catherine II, Empress of Russia invited farmers from Germany, including our people in Prussia, to come to the Ukraine, South Russia, which had been taken from the Turks. In 1786 many of our people were ready to accept this offer and started to plan for the emigration. After more than 250 years in Prussia they began the emigration in the spring of 1788 to the prairies, north of the Black Sea, in the bend of the Dnepr River, to start the first colony of villages, called Chortitza. It is accepted that 200 families had arrived by the end of 1788. The largest movement in one group was 206 families in 1803. In 1804, 155 families, and it was in this year that the Molotschna area, in the Gov. Taurien was opened for settlement to the Mennonites and nine villages were started on the Molotschna Creek. In 1818 a group of 150 families started out from the Frisian Church area of Tragheimerweide and Rudnerweide. It was in this group that our FAST Family traveled with to South Russia. Here we find about fifty families from other villages represented. The well to do families traveled with canvas covered wagons, hitched to three or four horses and others with one horse carts and wheel barrows. The farmers took cows, (mostly Holstein), sheep, pigs, chickens, a plow and harrow along. The trip usually took about eight weeks. Our FAST Family lived in the villages of Rudnerweide, Groszweide, Pastwa or Franzthal on the Juschanlee Creek, in the southeastern part of the Molotschna Colony, which is about 25 miles northwest of Berdjansk.

Our Johann Fast was about ten years old when his parents moved to Russia, Peter and Agatha were born in the Molotschna. We have very little information on our FAST family, except that in Prussia the Fast families were generally represented more in the Flemish churches. Our Fast family belonged to the Markushof church till 1815 when they moved to the Tragheimerweide area and lived here about three years, when they moved to Russia, and joined the Frisian Church in Rudnerweide. Then Johann Fast at the age of 23 married Ana Eidzen, born about 1812. They were married 15 years when David was born and she passed away then or soon after. There were now five children in the family. At this time, Sara Peters, the oldest daughter of the Heinrich Peters family was helping with the house work, but only for about three months, when father Fast married her. It may be that they joined the Pordenau Church now. This church was built in 1828 and Heinrich Toews was the first Elder. In 1867 Rev. Isaac Peters followed as Elder and baptized Heinrich and in 1872 he baptized Sara and I believe we may conclude from this that they were members of

this Flemish Church till they moved to America. It should probably be mentioned here that since 1820, members of the Flemish and Frisian churches intermarrying were not expelled.

Let us take a brief look at conditions in areas where our forefathers lived in South Russia. The first industry was the production of silk, which was soon replaced by raising grain and in time this over-shadowed all other branches of agriculture. This in turn called for large mills to grind feed and flour and factories producing farm equipment. In time there were 26 large factories and many smaller industries producing brick, cheese, sausage, soap, starch, clocks, furniture, woven goods, vinegar, beer and whiskey and they also had printshops. The Holstein cows which they brought along from Prussia were much superior to the native cows and played a very important part in the growth and development of the Colonies, because milk, cream, butter and cheese were regularly delivered to larger cities, such as Berdjansk and others, as far as the Crimean peninsula. With the cross-breeding of imported sheep, this also developed into a profitable business.

Our people were also used to having good gardens and the planting of trees was encouraged, with some sweat and self-respect and careful futuristic planning, made the Mennonite Villages a beautiful sight to behold. According to records Johann Cornies had earned due respect in leadership to improve agricultural methods, and planting thousands of trees. He was also instrumental in raising the standards of the educational system, and facilities. There was a school in each village, with very little improvement since the beginning and were in dire need of qualified teachers. They brought about six different kinds of Fibels (German ABC book) along from Prussia, a song book and the Bible and the rest was up to the teacher, who in many instances were physically handicapped or an old mother. Geography, history, language and arithmetic depended mostly on the capability of the teacher. Artistic writing was greatly developed during this time.

In South Russia it was the responsibility of our forefathers to govern the affairs of the villages and colonies. This created problems and conflicts, between the secular powers, such as the Dorf Schulze (village mayor) and Councils and the Church authorities (Eltester) (Elder) etc. This education was paid for collectively and by individuals and in some instances with a very high price, before satisfactory adjustments were made. There were around 15 churches in the Molotschna Colony and in Rudnerweide was the only Frisian Church. Materially our people prospered normally and even to the point that the surrounding communities envied them. But they also had their share of trials and problems, pioneer life in the beginning, crop failures, due to adjustments to soil and climate, grasshoppers, hard winters and the normal growth in population, created landless families, which was a continuous problem and only partially solved by increasing industries and buying land and starting new villages. Material prosperity tends to spiritual poverty. I wish this statement were not true, but we find this trend pictured very clearly with the Children of Israel, that when things went well they forgot God.

Even if the natural trend of indifference of a lesser or greater degree towards God, His Word and Way of Salvation, there are always, leaders, members or groups that have convictions, concern and are willing to sacrifice for the spiritual welfare of their families in school, church and community. Our forefathers had been denied privileges and freedoms before they came to Russia after 1788, which we cherish so much. We certainly do not want to minimize the Mission programs they sponsored. The Government did not encourage home missions and the first Missionary to go out was Heinrich Dirks to Sumatra, in 1869. We are also glad to report that the parents and grandparents of Eduard Fast (died 6-2-1960). Mrs. lives at Utrecht, Holland, were Missionaries in Java, since about 1890. In Russia there were about six Fast's that were either Elder or Minister, or Teacher. I will mention a few divisions of the Church, and the resultant beginning of existing Mennonite Denominations. The Klein Gemeinde 1814 (Evangelical Mennonite Church), The Mennoniten Brueder Gemeinde 1860 (Mennonite Brethren), The Tempel Gemeinde 1863 (Jerusalem Friends) Herman Peters Gemeinde 1865 (Bread Breakers Peters Church).

Since 1848 when Johann Fast married Sara Peters, they lived in Gregorjewka, where Heinrich was born, then in 1853 in Rohhorfsky, where Sara was born. Not too long after this they moved to Jurtemalee, which is about 10 miles northwest of Berdjansk, and approximately the same distance from the sea of Asov. This area was slopping down towards the sea, which also affected the climate favorably. Here they had a 6 acre garden, with many kinds of fruit trees, and a high wall around it, but still the boys had to watch at night so the Russian boys would not steal. They also had farm land, for the records tell us that they seeded 30 acres of wheat and 15 acres of barley. They lived on the road from the Molotschna Villages to the Seaport of Berdjansk, where there were some large Mennonite owned grain elevators. Thus many farmers hauling grain or on business stopped in at the Coffeeshop, which was run by the family, serving prips (roasted barley). Many people stayed for the night also, they had feed for their horses and reshi twebak (roasted buns) for themselves, and they would sleep on the hayloft. This coffeeshop brought in many Kopekis (nickels). The FAST family also owned a wind driven flour mill and a press for the production of turpentine, hemp and mustard oil. The only other Mennonite family in the village were the Jacob Eitzens. She was Agatha (Fast) sister to father Johann. Being that there were only two families of our people here, it is understandable that they would possess a high degree of interest in each other. This is illustrated in little incidents, such as the one Mrs. Henry F. Janzen recalls her mother or grandmother telling about. When the Fast family got company and the Eitzens did not know who it was, then Gerhard had to run over to the Fast's and see what time it was (the clock being in the guest room), then they knew who was visiting the Fast's. Here they lived for more than 20 years and became well established materially.

We can readily understand the concern of our people in Russia for their children and future generations, when freedoms that were promised them forever, were rescinded. They now turned

toward America, when in 1874 great numbers started to leave Russia. I believe we may imagine our Fast family planning their trip and getting the necessary papers in the winter of 1874-75, then in the spring they were packing and selling their real and personal property. We do not know when they left the Jurtemalee, which was about 60 miles from Hochstadt where they got on the train at 7:00 o'clock in the morning, June 17th, 1875 old calendar (Julian). At Pawlograd the Bergthaler Immigrants joined and at the previous station Franz Penner of Prangenau was left behind. In the evening we were at Losowaja and the next morning at Karkow. In the evening at 9:00 we started out again and some slept on the benches, and some under. At midnight mother awoke me and said father was missing and I should tell our leader Harms. Just then a man brought father in from the other car. How he got off the train he could not recall. He had dreamed he was in Steinbach with lots of people there, and he stepped off the train and awoke when he was down. He wanted to get back on, but the train was moving and could not get on by himself. Then a man grabbed him, pulled him up and said, this time I will save you. The Lord did help, father was not hurt, nor robbed. The mystery of this man is unsolved, this train was for immigrants only but a stranger had been seen, this was abnormal. Two days later Franz Penner caught up with us by fast train, which cost him seven Rubles extra.

Saturday the 21st, we got to Wollochisk and the next morning at 7:00 in Pod Wollochisk. The officers took our pass for inspection, which took 12 hours. It was very hot here, David Harms was sick and a man of the Ship Company from Antwerp, Belgium met us here. The 22nd we continued through beautiful country and deep valleys in Austria and about 7 in the evening we arrived at the German border city of Muslowitsch, and for the night we lodged under the trees and stars. The next day at noon we were at Breslau and here the Bergthaler group took a different route. In this city they used dogs as draft animals. Tuesday the 24th we went through Magdeburg and Eisleben, which is in very mountainous country with many tunnels. When we arrived at Nordhausen there were very many people waiting to see the Russian immigrants and were they surprised to find them all talking German. Hanover and Hessen are in very beautiful territory, then through Kassel and over the Rhine River to the large city of Achen. From here on there was more variety in scenery and wonders of nature, there was also a gymnasium with a glass roof. In the afternoon we got to Antwerp and went sightseeing and also took care of the necessary business, such as changing the Russian Ruble to the American dollar. The Ruble with the gold standard was valued at \$.83 and the silver at \$.78.

Thursday the 26th, at 7:00 in the evening we boarded the ocean steamer Nederland. The next day we were on the ocean and the food did not taste good, sea sickness took the rounds, father, David and Herman were not affected yet. Mother, Heinrich, Gerhard and Elizabeth had to vomit. The 28th we were in the English Channel and land, lighthouses and fortresses were visible on both sides. During the night something broke on the propeller and had to go to England to have it fixed. Sunday we had worship service

and the following night Mrs. Bartel passed away and she was put into a casket, made of rough lumber and stone put into the base, and the next morning the Captain read scripture and prayed, then the casket was put on a slide into the water. The morning of the 30th the ship was ready. July 1st we were in the open sea and the next day we saw herds of sea lions playing around the ship shooting up water. Now it was cool enough to use a sheepskin coat and the sun was seldom seen. Thursday the sea was calm, this gave those a rest that were still seasick, the food even tasted better.

The fourth of July it was warmer, foggy and windy, the water came on deck and ran down the stairs. The fog horns were used many times to prevent collisions. We traveled third class as the rest, with the exception of a few who had second class tickets. Saturday it was nice and we saw a few whales spitting. Sunday the sixth we had worship service again and we were on deck without overcoats. The following night we had a severe storm from the side, which rocked the ship that the cradles with children fell over, some fell out of their beds, dishes had to be tied down and the seasick gave their usual signals. The next day the going was better, with the wind from the front, which does not rock the ship so much. The eighth we caught up with a sail ship, passed it and was out of sight pretty soon. Wednesday, the ninth, I wrote in my diary after 12:30 A.M., when the sun went down, I did not change my watch till now.

The men of the ship started to clean up and paint. The next few days nothing abnormal happened, except the twelfth, a baby passed away that was born on ship, and the Pilot from America boarded our ship. Sunday the thirteenth we were nearing the coast, full of expectations and gratefully waiting for the end of this part of our journey.

We spent Monday and Tuesday in Philadelphia, making arrangements for the rest of our trip, to our final goal. But in the meantime, the boys thought they would enjoy a little swim in the harbor. There was a ladder down to a raft 16 feet square, in about 100 feet of water and there were iron rings screwed to the edge around, and some of the boys were in the water clinging to these rings. Off and on they would leave these rings and swim a little ways and come back. Then brother Gerhard said, you are much too careful, just jump into the water. When he had undressed, he jumped into the water just beside me, where I held to my ring. The water was clear and I saw to my dismay that he was going down deeper even though he tried to come up and was already five feet under water.

Brother Heinrich saw this and in great fear cried, boys save him. We all froze with fear, but God gave me a happy thought. Without my leaving the ring I pushed my right foot down as close to him as I could. He had his eyes wide open and saw my foot and grabbed my toes and I pulled him up about one foot, when his hand slipped. I pushed my foot down again and this time he got hold of my leg with an iron grip and I was able with God's help to bring him up. The joy of swimming had quickly vanished, with the exception of a few who could swim very well. This experience we did not tell our parents at that time and as father passed away

in December, we did not tell mother till a few years later and she recalled that she was alone in the waiting room and a great fear had come upon her, as though a big accident had happened. She had then prayed and that fear had left her. When the children had come to her in the waiting room, she had said to them in a tone of disappointment, how could you stay away so long, I was afraid because of you. Nothing more was said at that time.

Tuesday at four in the afternoon we got on the train and were heading for Mt. Lake, Minn., where we arrived the 18th in the evening, Julian Calendar or the 30th Gregorian. Taking all in all, we can say the Lord's blessings were with us on our trip and as a family we have to say the Almighty held His hand of blessing over us at all times. Praise the Lord for His gracious protection and care.

Our beloved father Johann J. Fast left the old fatherland Russia in a physically weak condition. Before they left the people there had said, he would be buried at sea. But he made the trip the best, with no signs of seasickness. David did not get it either, but our beloved mother had it worse than any of the family.

Wednesday the fourth of August they moved to their 160 acre farm, which they bought for \$1600.00 and a building on it 20x20 feet. In this house our Fast family and Johann Fast's (Mahla) and son John E., lived, till they had the new house ready in late fall, which totaled ten people. Father Fast had said that he wanted to have a new home for the family before he passed away. He was quite weak, but he pulled weeds among the trees and helped with other things as he was able, using the bench a lot. He passed away December sixth and was buried about 500 feet southwest of the buildings. Son Heinrich planted a poplar tree at the grave, which is very large and the branches alive in 1962, which probably is about 85 years. The first house that the family lived in is still standing and being used by the grandson Gerhard H. Fast, who is also farming the home place. The picture of the tree is on page 18.

JOHANN FAST III

homestead four miles
north of Mt. Lake, Minn.

PSALMS 1:3—

And he shall be like a tree
planted by the rivers of water,
that bringeth forth his fruit
in his season; his leaf also
shall not wither; and whatso-
ever he doeth shall prosper.

REVELATION 22:14—

Blessed are they that do his
commandments, that they
may have right to the tree of
life, and may enter in through
the gates into the city. To him
that overcometh will I give to
eat of the tree of life, which
is in the midst of the paradise
of God.

We are very thankful for the group of pictures we are able to present in this family book. There were some pictures in the family album that Rev. Henry H. Dick has, but without names. So we had to send them to the grandchildren Mr. and Mrs. Henry M. Willms, Niagara on the Lake, Ont., to prove that it was a picture of the Heinrich Fisch family. I believe the Lord had his hand in this, and thanks to him. We also want to recognize the effort Bro. Arthur H. Fast had in this and every one that had a share in this. Marliss Fast has a share in the designing of the front cover page.

This is the translation of the poem that Johann Fast composed and gave to his bride Ana Eidsen, when they were engaged to be married. He very neatly decorated the cover of this original paper which is in possession of Mrs. Sara Janzen, Mt. Lake, Minn.

Take thou my heart, this little gift,
And do by this remember,
That I am yours and you are mine.
In Love do I present it,
A faithful heart and true in thought,
Honesty and true affections,
Shall now and in the future,
With pure intentions, be committed,
'This I wish with all my heart,
As thy faithful bridegroom, Johan Fast,
My dearly beloved bride, Ana Eidsen,
The day of our engagement, the 26th of November, 1832.

Nimm hin mein Herz die Gabe klein,
Und thu dabei gedenken,
Das Ich bin dein and Du bist mein.
Aus lieb 'thu Ichs Dir schenken,
Ein treues Herz, ein treuer Sinn,
Aufrichtigkeit und treues lieben,
'Ists was Ich Dir nun ferner hin,
Aus treuer absich hab verschrieben,
Dieses wuensche Ich, von ganzem Herzen,
Als dein treuer Braeutigam, Johan Fast,
'Meiner herzlich geliebte Braut, Ana Eidsen,
Am tage unserer Verlobung, den 26ten, November, 1832.

ANNA FAST FISCH
Branch a

MR. AND MRS. HEINRICH FISCH AND TWO SONS,
JOHANN and HEINRICH

ANNA FAST, the first born to our Johann Fast-Ana Eidzen family and probably born in 1833. She was about 15 years when her mother passed away. Sara Peters was helping with the family and house work for three months, when father Fast married her. She received her education in one of the village schools in Col. Molotschna. Six years later she moved with her parents to the village of Jurtemalee, northwest of Berjansk. She was married to Heinrich Fisch, born in Prussia, a mechanic and inventor. He loaded his tools in a wheel-barrow and walked all the way to South Russia, Molotschna, colony. In Steinfeld he was the first to invent a threshing machine and selling the patent later to the Klassen Factory. This machine had a special hum or tone, which people could easily distinguish from others. They called it the Heinrich Fisch machine.

They had a family of three children in Steinfeld, they raised them there and both passed away in this village. Son Heinrich married Katharina Schmidt, and their family in Russia, except Anna who married Heinrich M. Willms in Russia, then came to Alberta, Canada, in 1925. Then in 1928 they lost everything in a fire, including records and pictures from the old country. In 1938 they moved on a fruit farm at Niagara on the Lake Ontario, Canada, where they now reside.

Mariechen Fisch married Rev. Abraham Unrau of Groszweide, and raised their family in Steinfeld, Molotschna. Part of this family is in Russia and some in the Chaco, Paraguay, So. America. Son Peter A. and his wife Justina left the home settlement in the Ukraine 1927 for the far eastern part of Russia on the Amur River. The Government allotted them money and land for resettlement. In spring the river flooded and destroyed the whole settlement. They were close to the Chinese border, so they tried to cross, but were arrested by the border patrol and put in jail, and accused as deserters from a foreign country, with some others. They were set free in 1930. Now they tried it again, and with great hardships made it, but without his wife and child. In China he worked and did manage to get the family across also. They left Harbin, China by ship for Marseilles, France, then by train to Paris and La Harve, then by ship to Paraguay, So. America, arriving in the Chaco May 15, 1932, with the help of the Mennonite Central Committee.

Son Abram A. married Maria Loewen in Steinfeld and had three girls, Anna, Maria, and Katja, living with his mother on the home place. January 2, 1932 the NKWD arrested him and five other men, taking the family and mother Unrau along with what they had on and the doors were locked. The family and mother were taken in by some good friends. Abram and the other men were taken to prison, where they were questioned and brainwashed for one and a half months. Then a group of men was shipped to the far north (city of Kotlas) where they had to work hard in the severe cold and on a very meager diet. In month of August that same year, he and two other men escaped and fled towards home. The three other men had already passed on, because of cold and starvation. Through many hardships and swollen he reached home, family and mother. In order not to be taken again, he had to live in hiding (hayloft and

chimney). In November they were accepted on the collective farm Kronberg, far from home.

Here they worked till 1941 when the German-Russian war broke out. Mother got sick and passed on to her eternal reward in the hospital, May 23, 1941 and was buried in Kronberg. As the war raged, the German army coming closer, orders were given to evacuate all livestock from the area. A group of men with Abram and Katja were doing this and when they had traveled about 400 kilometers, they were captured by the German army and were sent back with only a horse and wagon. When they got back, the NKWD had taken all the families away. He and Katja have not seen the rest of the family since then. When the German army had to retreat, they were taken along and with many hardships, rain and snow and cold came to Germany, through Poland. Till January 30, 1947 they were employed in different ways and were now supplied with the necessary papers to emigrate to South America, leaving February 3, and arriving at Buenos Aires the 22nd. March 10th they came to his brother Peter at Fernheim, Chaco, Paraguay. In April 5th, 1948 they settled on the farm in Friedensheim, Col. Neu-land, Paraguay where they now reside. His wife Maria, two daughters, Anna and Maria and their families are still in Russia.

JOHANN FAST

Branch b

MR. AND MRS. JOHANN FAST, 1871-1903

JOHANN FAST (called Rushi Fast), the first son. Anna was the oldest, b. May 1837 in a village of the Molotschna Colony, Gov. Taurien, Ukraine, Russia. When he was 11 years his mother passed away, and father Fast married Sara Peters soon after. Six years later he moved with his parents to the Village of Jurtemalee, but received his education in a village school in the Molotschna Colony. He married Maria von Riesen of Berkansk, 10 miles from Jurtemalee. They lived in Alexanderkrone till they moved to Mt. Lake, Minn. in 1887, with four children. He, with his family belonged to the Wall or Hochfeld Church, which came to the point of division in 1888. They also went with Elder Aron Wall, who with one part started the Bruderthaler Church, now Evangelical Mennonite Brethren. The split came 12 years after its founding. A deeper Spiritual life was stressed by most of the ministers, who expected consistent Christian lives in the membership, but some opposed. The difference in customs and opinions, stemming mostly from the Molotschna did not help to unify the membership spiritually, for their highest commission of testifying to others and teaching them all His statutes and to keep themselves undefiled from the world. Elder Wall tried to inaugurate Sunday school before the split, which was very strongly opposed by some of the older members. Johann loved to sing, memorized many songs and used this talent as vorsanger (song director) in church. Being charter members of the Bruderthaler Church, with love and concern for the spiritual welfare of his family and others, probably accounts for his descendants belonging to the Evangelical Mennonite Brethren.

After 14 years in Mt. Lake, they moved in April of 1900 to Rosthern, Sask., renting a farm till fall, when they moved to their homestead 2 miles from Waldheim, where he passed away March 6, 1903.

YOUR BROTHER

Your brother is as good as you, He also seeks salvation true
He also has his worries load, As bad or more then you.

He hopes, he plans and seeks and works, As you with all his might,
He seeks success in all his work, To his attempts, as you and I.

Your brother has his hidden pains,—I in his Gethsamene,
Out there he often cries, And prays in earnest supplications.

And if he differs just a tiny bit, In his actions and ideas,
This does not spell the verdict, He's not as good as me.

And if at times he is contrary, Am I not some times too,
So you love your brother, and admit, Your brother is as good as you.

HELENA FAST BAERG

Branch c

MR. AND MRS. PETER J. BAERG, 1864-1904

HELENA FAST born February 26, 1841 in a village of the Molotschna Colony, and at the age of 7 lost her mother. Father Fast married again that same year to Sara Peters. When she was about 13 the parents moved to the Jurtemalee on a farm, but she received her schooling in a Molotschna village. At about 23 she was married to Peter J. Baerg, and the first three children were born before they moved to the Sagradowka area, bought by the Molotschna Colony for their landless and young people in 1871. They owned a flour and feed mill in Orloff and also had a farm. The rest of the family was born and raised here. The children received their fundamental education in the Orloff village school. The Central or High School was at Neu-Schoensee. With vision, work and good soil, this area became a thriving community of villages. But in 1914 the revolution and in 1919 the bandits changed this picture completely. Land and property was taken away and apportioned, 9 acres per person and property likewise. The bandits killed, robbed and desecrated women and girls. On November 29, 1919 more than 40 people were killed and 18 wounded, which later died in the village of Orloff alone, among whom was her son-in-law Wilhelm Peters and daughter Maria (Mrs. Wilhelm Martens) and her six children of Muensterberg and brother-in-law Adrian. These stories should make all of us realize that our time of Grace may be shorter then we think.

Her first husband passed away in Orloff in 1904, but married again and moved to Neu-Schoensee till 1917 when her second husband, Peter Wiebe passed away. Then she moved to Orloff and stayed with her daughter Helena to her end. Her grandchildren say, she was very friendly and admonished them to be real Christians.

In September 1924 daughter Anna, (Mrs. Wilhelm Peters) and son George W., left Russia and arrived in Mexico in January of 1925. In 1926 they moved to Blumenort, Sask., Canada. After the 1919 catastrophies, destruction of lives, homes and property, our people regained some courage, but in 1921 famine and sickness entered our area. A village kitchen was opened and each one received a bowl of soup and a little piece of bread once a day, till the supplies were gone. If we trust in the Lord, He will not forsake us, is what Johann W. Peters says of these times. The Lord made many brethren in all of America willing to send bread and clothes, through Mennonite Central Committee and otherwise. This saved us from starvation. O Lord, Thy mercy is in the heavens, and Thy truth reacheth to the clouds. Psalm 36:5.

A pass to America at that time cost 200 Rubel, and Johann W. Peters was 47 days on the way, from Russia to Blumenhof, Sask. Jacob W. Peters, his wife and son Jacob left Russia Sept. 28, 1925 and got to Quebec, Canada, Oct. 25, and then went west to Borden, Sask., where Cornelius Walls lived, she is a cousin to Jacob W. Peters. The Lord gave grace and protection on the trip and has taken us out of much suffering and trials. Here we also had some hard times, but the Lord always helped us through, all honor to Him. Frank W. Peters came to Canada in 1926.

Frank Loewen, son of Sarah Baerg is living in Reedley, Calif. I have been unable to get complete information.

Katharina Schroeder, daughter of Katharina Baerg, now Mrs. Peter Born are living in Korniszheim No. 1, Col. Friesland, Paraguay, So. America. Have not received an answer.

Henry Baerg, grandson of (Helena Fast) Mrs. Peter J. Baerg; is living at 131 Willodale Pl., Winnipeg 16, Manitoba, Canada. He came to Canada in 1947. His sister-in-law, Mrs. Jacob Baerg lives at 927 Banning Str., Winnipeg, and her three children are attending school in Canada. Her husband was taken away from the family December 8, 1944 in Russia and is there at present.

Peter Peters, brother-in-law to Henry and husband to Susanna Baerg, lives at 646 Langside Str., Winnipeg, Man. His wife and children are in Russia.

The rest of this Johann Baerg family, including mother Baerg are living in Russia. We are thankful for your promptness in sending the information.

KATHARINA FAST FAST

Branch d

MR. AND MRS. JOHANN FAST, 1871-1907

KATHARINA FAST was born October 28, 1843, in a village of Molotschna Colony, Ukraine, Russia. Here she also went to school. At about 10 years of age she moved with her parents to the farm at Jurtemalee, 10 miles northwest of Berjansk. She was married to Johann Fast (called miller Fast) probably in 1871. They left Russia the same time as her parents for Mt. Lake, Minn., and lived a few months with the parents and then moved a mile or so on a farm northwest. They had a flour and feed mill as the name indicates. He had a very strong voice and she was hard of hearing. They retained their membership in the Hochfeld Church, later Nickel Church, now Gospel Mennonite. They often visited at the Jacob A. Walls. She was a close friend of her sister, Elizabeth (Mrs. Wall). Sara, Anna, Katharina, and David were born here. About 1900 they moved to Waldheim, Sask. Canada, where she passed away September 19, 1907.

**MR. AND MRS. DAVID FAST, 1877-1921
and Son Frank**

DAVID FAST was born in a village of the Molotschna Colony, Ukraine, Russia, 3-25-1848, and didn't or hardly knew his mother, because she passed away. Anna, his oldest sister was only 15 years, Johann, 11, Helena, 7, and Katharina, 5. Sara Peters, 19, took care of the house work and baby David for three months. Then she became Mrs. Johann Fast and about five years later they moved to the village of Jurtemalee. He went to a village school in the Molot. Here he helped with the fruit and grain farm about 22 years, when June 17, 1875, he with his parents had decided to leave Russia for Mt. Lake, Minn., where they moved onto a 160-acre farm 4 miles north of the village, August 4th. Here he together with the others they worked hard to get the living quarters ready for the winter. This building is still in fair shape. Gerhard H. Fast's are now living on this place. Father Fast passed away the first winter and David, the oldest of the four boys took the responsibilities of the farm for two years, when he decided to help Mrs. Katharina Ewert Dick train three younger boys, Jacob, John and David, marrying her in 1877. They moved on a farm a few miles west of Mt. Lake. He had a good voice and loved to sing the songs he memorized in his youth and was also a vorsaenger in the Church (Hochfeld) later Eitzen Church, now Gospel Mennonite. Here they retained their membership and in 1894 re-introduced Sunday School teaching from the New Testament.

The Fast family always got together at Christmas, even after mother Fast married Heinrich Regier with his four unmarried children June 27, 1878, thus quite a family gathering. They always had plumi mos (plum soup) and shinki flesh (fried ham) for dinner and after that the men would visit, when David would tell very interesting stories of his faithful kunta (horse). He was not too strong physically and in his later years was bothered with asthma, he sang and read his Bible much, and was a faithful loving father, as confirmed by his youngest daughter Sara. He passed away June 9, 1921.

REV. HEINRICH FAST

Branch f

REV. & MRS. HEINRICH FAST, 1867-1917

HEINRICH FAST was born in 8-23-1849 in the village of Rudnerweide (Gregorjewka), which was in the S.E. part of the Molotschna Colony and near the beginning of the Juschanlee Creek. Grossweide, Pastwa and Franzthal were east and north some miles from here. He also attended school at Steinbach under Mr. Neufeld, which was west of Rudnerweide. In 1867 he was baptized by Elder Isaac Peters in the Pordenau Church and became a member here.

He was 26 years old when he with his parents moved to Mt. Lake, Minn. It is through his efforts that we have a detailed record of the trip from Russia to America, which I am sure will be of interest to many who will study these records. He was here in the Mt. Lake area nearly a year when he married Maria Hamm, April 23, 1876, born in 4-25-1853. The following year he was ordained as minister by Elder Aron Wall in the Hochfeld Church, now Gospel Mennonite, and served in this capacity and as evangelist till 1917 or 40 years. He and Elder Wall and also Rev. Heinrich E. Fast made trips to Avon and Marion, South Dakota, Steinbach, Manitoba and was also instrumental in starting the Brighten Mennonite Church in Chicago. The Happy Hour Mission also started then. He and Elder Wall also went to Langham, Sask., in 1903 and started a church in the grainery of Franz Flaming or north of the Langham Church, now Dalmeny. Mrs. Fast passed away the 22nd of March, 1917. This marriage lasted for 40 years. Then he was married again on 5-9-1919 to Mrs. David Eitzen (Helena Friesen), living in Mt. Lake, 10 years and 9 months and passed away February 27, 1930.

SARA FAST FLAMING DICK

Branch g

REV. AND MRS. HEINRICH I. DICK, 1885-1928

SARA FAST was born 1-1-1853 in the village Rohhorfski, South Russia. In her early youth her parents moved to the Jurtemalee and she started school at the age of 12 in the village Alexanderkrone. When she was nineteen she accepted the Lord as her Saviour and was baptized by Elder Isaac Peters and joined the Church at Pordenau. She married Peter Flaming May 18, 1872 and lived in Rudnerweide. This marriage lasted only 12 years, when her husband Peter passed away Oct. 13, 1884. It was nearly 10 years ago when her parents, brothers and sister moved to America. She was very lonesome during these trying times and the baby Sara to take care of.

In the early part of 1885 her brother Herman J. came from America to the Molotschna and brought her and the 3-year-old Sara to Mt. Lake, Minn., on Nov. 3 of this year. She married the second time to Heinrich I. Dick, who was elected as Deacon in 1896, ordained as Minister in 1902, and ordained as Elder in 1904 by Elder Aron Wall. He served in this capacity till 1918 when his health failed to the extent that he could not carry this responsibility. He passed away on 5-27-1928. This marriage lasted 43 years. She was a charter member of the Mt. Lake, Bruderthaler Church, (now Evangelical Mennonite Brethren).

She was very friendly and hospitable and served very faithful as a ministers wife. In Dec. of 1939 she went along to Dallas, Ore., to stay with her children the Rev. Henry H. Dicks. Then on August 29, 1940, her granddaughter Verna Dick was getting married, and she invited and went along to Dinuba for the wedding. Here she got sick and passed away on Sept. 2, 1940, and was buried at the Mt. Lake, E.M.B. Church Cemetery.

GERHARD FAST

MR. AND MRS. GERHARD FAST, 1878-1929

GERHARD FAST was born 5-27-1856 in the village of Jurtemalee (Dmitrowka) where the Fast family had moved a few years before, ten miles N.W. of Berdjansk. He attended school in Russia and at the age of 19 he came with his parents to Mt. Lake, Minn., and soon after received catechism instructions with nine other young people in the home of Rev. Aron Wall and was baptized on the day of Pentecost by Elder Wilhelm Ewert of Hillsboro, Kansas, at the David Schroeder farm, one mile south of Mt. Lake. Elder Ewert was also asked to assist in the organization of the Hochfeld Church and also ordained Rev. Aron Wall as Elder Sept. 20, 1876. He joined this church and got married on 11-5-1878 to Helena Hamm, who was born on 9-25-1860. They lived on a farm four miles north of Mt. Lake and just west of the Fast home place. In this area he was known as the Jurtemaleeshi Fast (Jurt).

Due to the split in the Hochfeld or Wall Church in 1888, they discontinued their membership here and became charter members in the Bruderthaler Church in 1889. (Now Evangelical Mennonite Brethren). He was a lover of singing and music. In church he used his talents, as Vorsaeuger (songleader) and Sunday School Teacher for many years, and there was a song for the devotions of the day.

One of his mottos was to be on time, church or otherwise. He also loved carpentry (tischler) and enjoyed a sense of humor. They retired from active farm life when they moved to Mt. Lake in 1920. After nine year of city life, Mrs. Fast passed away 4-7-1929. In 1938 he still took an active part in the "Old Settlers Memorial Festival." The children say "he used his money discreetly," it is also said that he prayed each Sunday in church during the devotional prayer service. He was very sick for several weeks before he passed away November 13, 1942.

MR. AND MRS. HERMAN J. FAST, 1886-1930

HERMAN JOHANN FAST was born in the village of Jurtemalee (Dmitrowka), Gov. Taurien, South Russia. He was 7 years old when he attended the Alexanderkrone school, and the next year due to a broken arm he attended school in Rudnerweide, staying with his sister Sara, the Peter Flamings. He learned the Russian language in addition to the German and Low German (plautdietsch). As a 15 year old he migrated to America with his parents and continued his education in the home of John Friesen in the English language. He also attended the Mankato Normal and Rochester Seminary in N. Y. During these school years he sometimes lived on dark bread, roasted zwiebak and cured ham.

In 1877 he was baptized by Elder Aron Wall and joined the Wall Church (now Gospel Mennonite). He taught four winters in rural schools and then discontinued, because he could not do justice to both, farming and teaching. In 1885 he went to Russia to help his widowed sister Sara and three year old baby Sara, to come to America.

Then the following year he married Aganetha Becker who was born in Rudnerweide. For some months they lived in the summer kitchen of his sister Elizabeth, the Jacob A. Walls and here their first born, Herman B. arrived. They were working on the prairie land not too far from the Wall place, building a barn and planting trees.

They were charter members of the Bethel Mennonite Church organized in 3-23-1889. In the years 1883-87 he taught S.S. about 5 miles northeast of Mt. Lake. His family background, secular and religious training, had created and qualified him as a public servant. He served as member of the Board of Deacons, District School Board, Bible School Board, Bethel Hospital Board, Evangelical Comm. of the Conference, and Statistician, Chairman of the Farmers Elevator and Co-op. Creamery Association. His hobby was gardening, planting trees and writing. They moved to Mt. Lake in retiring from active farm life. Mrs. Fast passed away in January of 1930 and he was married the second time to Anna Janzen and twelve years later, he passed away.

ELIZABETH FAST WALL

Branch j

REV. AND MRS. JACOB A. WALL, 1885-1906

ELIZABETH FAST was born in the village of Jurtemalee, So. Russia and was the youngest in the family, except for Agatha who who died at the age of 2 or 3 years. She attended school four years and came to America with her parents when she was eleven years old. We do not have any record of her going to school in the Mt. Lake area. She was a lively and happy girl.

In 1884 she was baptized by Elder Aron Wall and accepted into the membership of the Bruderthaler Church of Mt. Lake. The following year she was married to Jacob A. Wall who was born in the village of Hamberg, Molotchna Colony, Russia. Materially they had very little to start out with and for a year or so they lived with the Heinrich Regiers, her mother and stepfather, here my father Aron J. Wall was born. Then they rented the Penner farm for about five years and here aunt Sara was born. About 1891 they bought the Reimer homestead, and here she gave birth to six more children.

She had a brilliant tenor voice and loved to sing in church, as well as at home while working. One song that my aunt Sara recalls her singing, was "Der Mond ist aufgegangen" etc. Some older people will probably remember. She was a close friend to her half-sister Katharina, Mrs. Johann Fast (Mahla Fast).

July 20, 1902 her husband Jacob A., was elected as minister by the church and ordained the same year by Elder Aron Wall. In 1904 she began to have trouble with her kidneys and she passed away 42 days after Orlando was born. She was only 42 years of age.

One day as I sat musing, sad and lonely and without a friend. A voice
 came to me from out of the gloom saying: "Cheer up, things
 could be worse." So I cheered up—and sure enough
 things got worse!

Righteousness exalteth a nation: but sin a reproach to any people.
